

Take advantage of this **FREE** program!

A **Yellow Dot** in the rear window of your vehicle will alert all First Responders to the vital medical information in your glove box.

This will help ensure that you receive the medical care you need during that first '**Golden Hour**' after a crash or other emergency.

If you do not drive, you can take it with you when you ride with someone else.

***Plan ahead!***

**You can be part of the solution.**

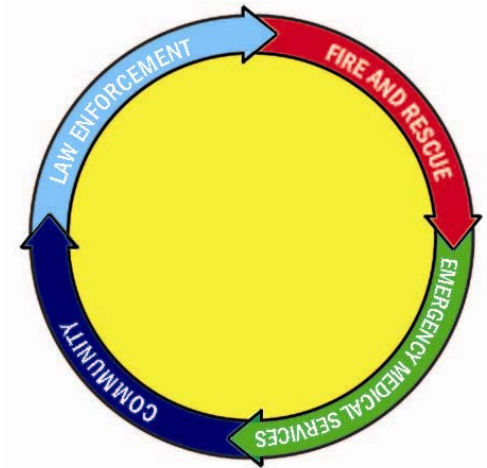

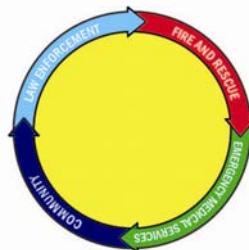

*Sign up for yourself and each member of your family.*

*Share the information with your friends and neighbors, and all those who rely on you for transportation.*
